

4th International Congress of Maritime, Tropical, Hyperbaric and Travel Medicine

“Health safety onboard and during journey”

80th Anniversary of the Institute of Maritime and Tropical Medicine in Gdynia, Poland

Venue: Conference Center of Pomeranian Science and Technology Park,

26th - 28th of September, 2019

Preliminary Announcement

We would like to invite a spectrum of all health care workers, scientists, representatives from different institutions involved in the maritime and travel economy, and missionaries to participate in the 4th International Congress of Maritime, Tropical, Hyperbaric and Travel Medicine. The event is organized by the Polish Society of Maritime, Tropical and Travel Medicine, Institute of Maritime and Tropical Medicine and the University Maritime and Tropical Medicine Centre, Medical University of Gdańsk.

The event is organized in reference to long tradition established by the Institute of Maritime and Tropical Medicine in Gdynia.

The leading topics of the Congress will be maritime, tropical, travel, hyperbaric medicine, marine rescue and chosen aspects of naval medicine and stabilization missions. Highly qualified lecturers and specialists from different medical fields will participate in the event and guarantee a rich line up. We hope that the varied program will address your needs and expectation and contribute to development and broadening of knowledge in this specific fields.

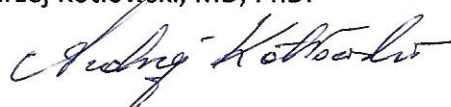

Additionally we hope to encourage different specialist and centers to cooperate with our institution, with 80 years of experience in the field of public health, high standards of medical services, and prophylaxis for people traveling to different destinations all over the world.

The program with main topics and registration details will be announced by 15th of February 2019.
